Board of Public Works Schedule A - Area Connection and Impact Charges Lewes, Delaware Electric Rules and Regulations

Notes: [1] For underground service, the Customer will be responsible for installing and paying for all transformation and underground service connection costs. **Effective Date: June 1, 2004**

[2] In addition, the Customer will pay a portion of the cost of any distribution system modifications, including substations, which may be needed, as determined by the Board of Public Works.

[3] Not available.

[4] Subject to availability. Total impact fee will be based on actual cost of installation plus the calculated AIC.

[5] The charges above are applicable for each point of service delivery.

[6] When the amperage of an existing service is increased, the Impact Fee will be based on the Impact Fee applicable for the new service amperage less the Impact Fee applicable for the service amperage prior to the change.

[7] The Board of Public Works will install one meter for new or replaced docks with multiple boat slips. After October 31, 2004, any existing dock with multiple slips may be converted to one meter at the option of the Board of Public Works and will be converted to a single meter in the event any additional slip is added.

Effective Date: August 19, 2004
